

CROWN[®]

THE POWER OF 1

AGM SERIES AUTOMOTIVE BATTERIES

PERFORMANCE. SOLUTIONS.

**SUPER CLEAN
SPILLPROOF
NO WATERING
SEALED / MAINTENANCE FREE
NO GASSING
HIGH PERFORMANCE**

As the worldwide demand for high-performance batteries continues to grow, Crown Battery's global role is growing, too – not only as a supplier of quality batteries, but also as an innovator in the technology which creates new opportunities in the automotive industry all over the world.

The CROWN1 AGM line is an example of the detail engineering you've come to expect from Crown.

THE POWER OF 1

CRV31

CROWN1. This kind of power inspires imagination.

With the diversity of today's applications and automotive professionals pushing the envelope in everything they do, we realize that the world needs high-quality options. And that's what you get with the CROWN1 AGM array of batteries.

No Watering. No Gassing. No Maintenance. No Comparison. Literally.

AGM Batteries – a solution has become the standard in modern automotive systems. Today's automotive and commercial equipment systems rely on advanced AGM batteries for starting and hybrid electric systems that demand total reliability.

CROWN1 AGM Series batteries feature rugged designs that deliver reliability and long-life in demanding applications.

Key Features

- ▶ VRLA Sealed Construction
- ▶ Robust Dual-Purpose Design
- ▶ Absorbent Glass Separator
- ▶ Exact-Fit Models

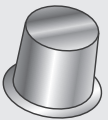

Benefits

- ▶ Meets OEM Requirements for Replacement
- ▶ Reliable Maintenance-Free Performance
- ▶ High-Performance Starting & Running Power
- ▶ Optimized for Performance in Extreme Temperatures & Environments
